Grocer Adds 6 Zip Codes to More than Double Service Area in Partnership with Instacart

SALISBURY, N.C. — Today, Food Lion has announced it will add six zip codes, including 28217, 28212, 28134, 28226, 28277 and 28270, to its grocery delivery service area in the Charlotte, N.C., region, in partnership with Instacart. The expansion follows a successful pilot of the service in May 2016, enabling the grocer to offer customers convenience while continuing to deliver on its promise to ensure an easy, fresh and affordable grocery shopping experience.

"Food Lion is extremely pleased with the speedy delivery service Instacart has consistently offered our customers since its launch in May," said Keith Nicks, vice president of customer engagement at Food Lion. "As we work to expand our home delivery footprint, we're excited more of our customers will be able to enjoy the convenience of fresh and affordable groceries at their doorstep."

With the addition of these six zip codes, the service area has more than doubled in size. Shoppers in the delivery area, which now includes Charlotte, N.C., zip codes 28217, 28212, 28134, 28226, 28277, 28270, 28202, 28203, 28204, 28205, 28207, 28209, 28210 and 28211, can shop using Food Lion's website at www.foodlion.com/homedelivery or the Instacart app.

Food Lion also piloted Instacart in Raleigh, N.C., in June and continues to test the home delivery service in select zip codes in this area.

Additionally, by linking their personal MVP cards to their Instacart accounts, Food Lion customers can continue to take advantage of Food Lion's weekly savings specials, including MVP discounts. Food Lion customers using Instacart for the first time will receive their first home delivery fee for free.

How Instacart Works

Customers can visit www.foodlion.com/homedelivery or open the Instacart mobile app on their iPhone or Android device, enter their zip code and Food Lion store, add items to a virtual cart, and then choose a delivery window (within one hour, within two hours, or some scheduled time in the future) and check out. An Instacart Personal Shopper accepts the order on his/her smartphone, uses the Instacart shopper app to guide them through shopping, and then delivers the order to the customer in the designated delivery timeframe.

About Instacart

Instacart allows people to order groceries online by connecting them with personal shoppers who hand pick items at customers' local, favorite stores and deliver straight to their doors. Founded in San Francisco in 2012, Instacart has quickly scaled to 25 metropolitan areas across the U.S. and partnered with dozens of retailers, including popular national chains (Whole Foods Market, Costco, Petco) as well as local, regional grocers (H-E-B, Marsh Supermarkets, Bi-Rite, Cub Foods). By combining a personal touch with cutting-edge technology, Instacart offers customers a simple solution to save time and eat fresh food from the grocery brands they trust. Instacart is the only grocery service that can meet today's on-demand lifestyle by delivering in as little as one hour. First delivery is free at www.instacart.com.
